HEADTEACHER'S THOUGHTS THIS WEEK

Dear Parents,

Another very busy week at Victoria, with the children really engaging with their new topics. We are all looking forward to next week when we will have an opportunity to taste some of their school made treats! We do hope that you can join us for the Foundation Phase pop up bakery and Year 3 and Year 4's Global Gourmet café. Each class will send out a letter with specific detail.

The ECO club have also been very busy, creating their new ECO code for the school. We have attached a copy for you to look at and discuss with your children. Please let us know your thoughts.

Have a lovely weekend

Musical Duet

Recently, in assembly, we have had the privilege of listening to the very talented brother/sister duo, Edward and Beatrice Spence. I have no doubt that these very talented children will be very famous musicians in the future. Well done and thank you children.

Eco Committee

On Thursday 28th January, our ECO committee (led by Miss Apsee) joined the ECO committee of Stanwell school in order to complete a litter pick of the local area.

The children thoroughly enjoyed the experience, despite getting a little muddy.

Well done ECO committee; you have completed a very worthwhile task!

Internet Safety Meeting

We were very disappointed when we had to cancel the recent Internet Safety meeting due to lack of attendance (see photo below). This week alone, I have dealt with five internet safety issues of potential safeguarding concerns. As a parent, I am increasingly concerned about the advancements in computer technology and the possible impact on the safety of my children. I am highly aware that being informed will allow me to encourage safe and responsible use of the internet.

I appreciate that the timing of the meeting may not have been convenient for many, so we have attached a response slip so that you can inform us of possible alternatives.

We would urge every parent, where possible, to attend a rescheduled meeting in order to raise their awareness of current IT developments and what they can do to safeguard their children; so that every child can get the most out of technological developments without any subsequent risk.
