HEADTEACHER'S THOUGHTS THIS WEEK

Dear Parents,

Another wonderful week with our children, preparing them for the fantastic news that we will all be back together in September!

Today, the children will have found out who their teacher/teachers will be for

September and on Monday the children will be able to access a 'meet your new teacher' video on Google Classroom (seesaw for our new Reception children). In our weekly Zoom assembly, we will focus on cherishing memories and new beginnings.

It is very important that we ensure a smooth transition for our children, particularly those moving into Nursery, Reception and Year 3, which is why we have chosen to initially prioritise their September start. The plan for the first week back in

September is as follows:

Tuesday 1st September

Preparation Day for staff

Wednesday 2nd September

Preparation Day for staff

Thursday 3rd September

Induction for groups of Nursery, Reception and Y3 children.

Friday 4th September

Induction for groups of Nursery, Reception and Y3 children.

Monday 7th September

School open to all children.

If your child is in Nursery, Reception or Year 3, you will be receiving additional information about their start day.

We are all looking forward to September and welcoming our Victoria Family back to school.

Have a lovely weekend.

Mrs Daniels

Dates for the diary

W/B Mon 13th July

Reports handed to each child on their contact day. All other reports posted on Friday.

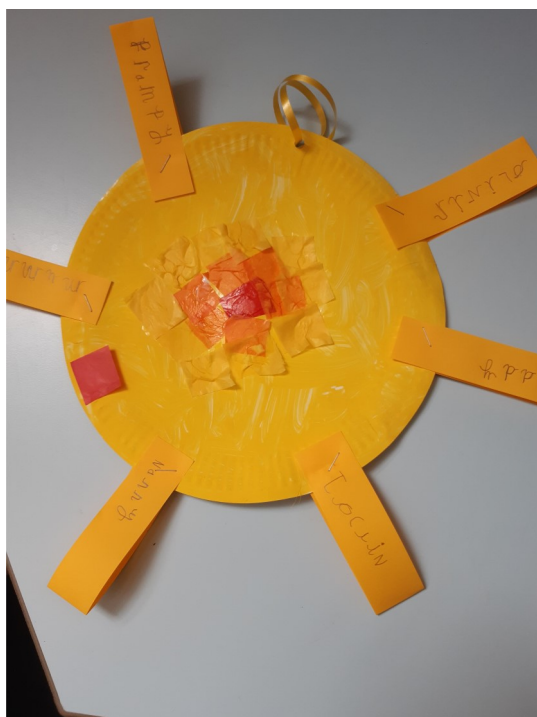

Friday 17th July

School closes for Summer holidays

Friday 17th July

Y6 Leavers' Picnic (more information to follow)

Reception

Year 1

Year 1

Year 2

Year 3

Year 4

Last week the children chose different activities that they wanted to do in class. They had a brilliant time with each other. Among the high lights were the magic shows, amazing riddles, cosmic yoga sessions, 'Pirate games' outside. However, I think our favourite was the 'social distance' limbo!!!

Year 5

Year 6

It appears we have some budding engineers in year 6. The children have been busy this week designing and building bridges using art straws - the aim to hold a minimum of 200g. Some bridges were so successful they managed to hold a whopping 1.2kg! Well done year 6, we have been very impressed this week!
