HEADTEACHER'S THOUGHTS THIS WEEK

Dear Parents,

The sunshine has certainly been a welcome visitor this week and the children are really enjoying taking their learning outside. The four purpose graffiti art is helping the children to focus on the key skills both inside and outside of the school building.

As a school, we are really forging ahead with plans to implement the new curriculum in September. If you would like to find out more about how we are doing this, then please come along to the Curriculum information meeting on Monday 28th March at 2pm. A link will be sent out via email and the meeting will take place on Teams. We really hope that you can attend.

Have a lovely weekend

Mrs Daniels

ATTENDANCE

Covid cases are still high this week and our attendance is understandably lower than in previous weeks. Therefore, we will not be celebrating a winning class as it would be an unfair situation.

If your child/ children are off with Covid, we appreciate that they may be feeling poorly, however, if they are feeling well enough, they will find work on Google classroom.

Thank you for your support.

Anti bullying charter

The school council have worked tirelessly to update the school's Anti-bullying charter.

Today Grace and Esme (school council Year 5) signed the completed charter alongside Mrs Daniels.

Star of the week

Reception	Arlo Darlington	Chloe Newbury
Year 1	Maia Hendy	Riley Beaumont
Year 2	Radha Jones	William Lawrence
Year 3	Linus Prance	Theo Robins
	Charlotte Sainty	
Year 4	Skyla Rodd	Freya Benson
	Dougie Keogh	
Year 5	Annabelle Spiller	Esme Van Keogh
	Tyler-Jay Forrester	
Year 6	Misty Sanders	Gracie Godfrey

ECO COMMITTEE ANNOUNCEMENT

THANK YOU for recycling your crisp packets with us! ♻️

We have collected and recycled over 25,642 units, I'm sure you will agree this is a fabulous achievement and was only possible with your support. This scheme has helped raise money for our school; we will update you on the total and how we intend to use the money.

Important change:

As flexible plastics can now be recycled via more than 3,500 supermarket collections points, the Crisp Packet Recycling Scheme will **close the end of April**. Please drop off your empty packs in plenty of time so we can send them to TerraCycle before the scheme closes.

We will take crisps packets until 1st April as we will need time to sort, box and send them off.

Many thanks again – hopefully with your support we will collect as many as possible to send in our last shipment.

Mrs Barnett & The Eco Committee.

STEM Week – 4th April – 8th April

During STEM week the children will be learning about renewable energy and focussing on a particular aspect of it e.g. solar energy/wind power/biomass etc.

During the week they will carry out investigations and experiments, as well as designing and creating models in order to learn about the Engineering aspect of STEM.

To engage the children and immerse them into the life of people involved in STEM we are inviting them to come dressed as scientists each day. This can be as simple or creative as they like. A white shirt or lab coat can be worn, as well as goggles and other items they deem to be scientific. Here are some photographs to help with ideas. Many thanks.

Mr Evans – Year 6 teacher
