HEADTEACHER'S THOUGHTS THIS WEEK

Annwyl Parents/Carers,
This week has brought beautiful weather, allowing us to fully utilise the outdoors for both learning and play. The children have enjoyed engaging with nature, enhancing their educational experiences. I would like to extend a heartfelt thank you to Katy Colman, who has been diligently collecting donations to enhance our nursery garden. With her support, the garden is beginning to take shape, providing a wonderful space for our children to explore and learn.

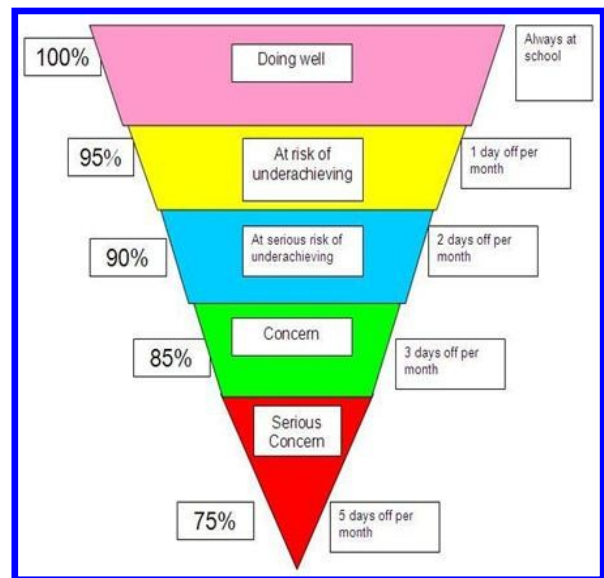

Diolch for your continued support.

Have a lovely week ahead
Mrs Davies

PRESENTOLDEB

Below is a pictorial reminder to parents on how important it is for children to attend school everyday. We would like to thank you for your continued support in this area. School attendance for this week was 94%. A special well done to Class 2S and 6E who had the highest attendance with 99%. WELL DONE!

Year 6	Riya Mortimer	Sophie Samuel

Year 6 Reach for the Stars!

Year 6 have been busy exploring the wonders of space this term. As part of their learning, the children designed and built their own rockets before heading out onto the school field to launch them. There was great excitement as each rocket blasted into the sky, with pupils eagerly watching to see whose would travel the highest and furthest!

To continue their space-themed learning, the class also enjoyed a fantastic trip to the National Museum Cardiff. During the visit, pupils studied the Moon and learned more about space exploration. They also had the opportunity to explore other parts of the museum, discovering fascinating exhibits ranging from natural history to art.

It has been a brilliant hands-on topic that sparked curiosity, teamwork, and plenty of excitement about science and space. Who knows – perhaps we have some future astronauts in Year 6!

WANTED, GREEN FINGERS AND/ OR MUSCLE POWER!!

Spring has Sprung and we are eager to get planting in our outdoor area!

Last year with funding from 'The Big Fresh Catering Company' and kind parent and staff volunteers we were able to make a start on our well-being and sensory garden. We would like to continue this good start with further planting in all of our green areas around the school.

To support us again with this we would really appreciate donations of garden paint, compost/soil and perennial plants. (These are plants that live for more than two years and return year after year each Spring.) Some of you keen gardeners may be able to donate cuttings from plants in your own garden. **If you have anything to donate, please bring it into school next week and pop it in the Reception Year outdoor area. A sign will be placed showing you where to put it.**

We are also asking for adult volunteers to help us get weeding, planting and painting on Thursday the 9th of April between 10.00am – 2.00pm. If you have any gardening tools, could you bring them along to please. Tea/coffee and biscuits will be provided.

We are very excited about getting going on this project!

Please could you let the office know next week if you are able to help. Thank you!

Teddy Bear's Picnic

If you go down to the woods today, you're sure of a big surprise....

On Thursday, the Year 1 children organised a Teddy Bear Picnic where they made cakes and shared their Learning Journals with their grown-ups! We had a fantastic time together, looking at our work and eating tasty snacks!
